

Butler
Python
Package

```
graph LR; A[Butler Python Package] --> B[(Registry Database)]; A --> C[(Datastore (POSIX/S3/WebDAV))];
```

The diagram illustrates the architecture of the Butler Python Package. On the left, a light blue rectangular box labeled 'Butler Python Package' has two outgoing arrows. The top arrow curves upwards and to the right, pointing to a light blue cylindrical database icon labeled 'Registry Database'. The bottom arrow curves downwards and to the right, pointing to another light blue cylindrical database icon labeled 'Datastore (POSIX/S3/WebDAV)'.
